

Our Instructors

Warren Holmes

Warren began his hockey career as a North Dundas Demon before moving on to the Rideau-St.Lawrence Kings. He then played one year with the Winchester Hawks. Warren spent the next four seasons in the OHL playing for the Oshawa Generals. During this time, he attended a Toronto Maple Leafs training camp. He finished up his playing career as the assistant captain of the Dalhousie University Tigers hockey team. He was lead-instructor at a summer hockey school in Halifax and brings his passion and enthusiasm to ProHockey Skills and Drills.

Todd Marcellus

While earning an Education Degree with a major in Physical Education at McGill University, Todd was the captain of the Redmen hockey team. After University, he played nine years of professional hockey in France, Italy, Germany, and the United States. His last three years of pro hockey were spent as Player-Coach for the Tulsa Oilers. Todd has also coached the Winchester Jr.B Hawks and instructed at hockey schools across the United States and Canada. He looks forward to passing on his experience and skills.

Clinton Holmes

Clinton played his minor hockey with the North Dundas Demons and the Rideau-St.Lawrence Kings. He played one year with the Winchester Jr. B Hawks before moving on to the Kingston Jr. A Voyageurs for three years. Clinton has instructed at hockey schools across the United States and Canada and looks forward to helping young players improve their game.

High Tempo Hockey Camp

August 30-September 3, 2010

Fee: \$90.00 (includes a jersey and 5 on-ice sessions)

Our Mission

In its inaugural year, the **Pro Hockey Skills & Drills** camp will provide an enjoyable learning environment while preparing young athletes for the upcoming season. Our primary goal at **Pro Hockey Skills & Drills** is to work diligently to improve every athlete's overall fundamental skill set. These skills include skating, shooting, passing, and stick-handling, just to name a few, and are all needed to reach a higher level of play. In addition to maximizing each student's performance, we at **Pro Hockey Skills & Drills** will also teach each player how to apply these fundamental skills through simulated games and team tactics.
